"The Health Plan strives to provide high-quality health care to all of our members across the state. We also remain focused on helping our communities manage and improve their health," said Jeff Knight, Interim President/COO, The Health Plan. "Through our recent partnership with the Underprivileged Children Foundation's Food Shack, we are helping those most in need by providing free meals to children and families."

As one of the largest locally managed care organizations in West Virginia, The Health Plan has a 40-year history of community and charitable giving. From sponsorship of local youth-focused asthma and diabetes camps to college scholarship programs and sponsorships of dozens of community events throughout the region, we strive to make a positive and healthy impact throughout the geographic regions that we serve.
