

The Health Plan Announces 2022 Women's Health Fair

WHEELING, WEST VIRGINIA — September 13, 2022 — The Health Plan (THP) is hosting the organization's first Women's Health Fair on Saturday, October 1 at Wheeling Park Ice Rink from 11 a.m. to 3 p.m. THP's 2022 Women's Health Fair will offer a variety of women's health screenings and vaccines in partnership with organizations such as Order of the Eastern Star, Wheeling Health Right and YWCA Wheeling.

"Many women are so busy taking care of others that they tend to put their own health and wellness on the backburner," said David Flatley, Director of Marketing at The Health Plan. "This event is our way of reminding women in the Ohio Valley to prioritize their health, and to let them know The Health Plan team is here to support them along the way. We're incredibly proud to continue expanding and offering new events for the communities we serve."

The Gardasil vaccine, annual women's health exams, birth control and STI screenings will all be offered for free at the event. Activities and events will also be offered, such as live entertainment, games and giveaways. Attendees will also hear from various Ohio Valley health professionals on several topics related to women's health and wellness.
