

	A	B	C	D	E	F	G	H	I	J																																																		
1	 <b>The Health Plan (THP) Durable Medical Equipment (DME) Prior Authorization Requirement</b>																																																											
2	<b>Prosthetics, Orthotics, and Supplies</b>																																																											
3	<b>Effective January 1, 2025</b>																																																											
4	<b>Disclaimer:</b> Inclusion or exclusion from this schedule for an item or service does not imply coverage. It is the sole responsibility of the Rendering Provider to verify each plan's benefits, member eligibility, and not limited to cost and out of network and tertiary rules, etc. Prior to dispensing DME to THP members. Failure to comply may result in non-payment of items or services and the member may not be covered. Appropriate waivers should be on file for any non-covered items/services and may be requested by THP at any time. All appropriate documentation (CMN, Physician Order, etc.) must be directly contracted to THP can refer to Attachment C of their contracts for pricing determination, least costly medically appropriate alternative, etc.																																																											
5	<b>General Information</b>																																																											
6	Depending on the patient's plan and code, your prior authorization request may be reviewed by eviCore HealthCare or THP Clinical																																																											
7	This document is not applicable to Medicare wrap plans, such as Medicare Select as reimbursement would be based on Medicare Part B.																																																											
8	Codes should have the appropriate Pricing, Data Analysis and Coding (PDAC) verification. <a href="https://www.dnepdac.com/">https://www.dnepdac.com/</a>																																																											
9	If a code exists that includes multiple products, that code should be used in lieu of the individual codes.																																																											
10	The Special Instructions is not intended to provide all edits, links, or information that may be applicable to a specific code across all lines of a claim.																																																											
11	The codes listed on this document are in reference to the DME benefit. Select codes may be covered under a different benefit. HCPCS and/or CPT codes found in this document is not a guarantee of payment. Please refer to the plan documents for more information.																																																											
12	Reasonable Useful Lifetime (RUL) is generally accepted as 5 years, is the period of time, after which Medicare payment can be made for replacement of DME that is lost, stolen, or damaged. RUL is 2-3 years. Replacement Equipment is not covered due to wear and tear during the Reasonable Useful Lifetime (RUL) of the item or in cases of abuse or neglect. Minimum useful life accepted as 3 years, minimum threshold for a determination of durability for DME. DME may not be replaced inside the RUL or MLR periods due to circumstances beyond the member's control.																																																											
13	<b>Schedule Key</b>																																																											
14	CR = Capped rental item									OTS = Off																																																		
15	DX = Diagnosis dependent									PBM = Sub																																																		
16	Invoice Required = Manufacturer's invoice and description									RD = Requ																																																		
17	MLR= Minimum Lifetime Requirement									RUL = Rea																																																		
18	N/C = Non/covered									RZ = Not s																																																		
19	NEC, NOC, NOS = Miscellaneous, not specific																																																											
20	NSB = Not separately billable																																																											
21	OTC = Over the counter																																																											
22	<b>Modifiers</b>																																																											
23	AU = Urological, ostomy or trach item									KS = Non-i																																																		
24	AV = Prosthetics or orthotics									KX = Insuli																																																		
25	AW = Item with a surgical dressing									KX = Requ																																																		
26	AX = Item furnished in conjunction w/dialysis									MS = 6 mc																																																		
27	AY = Item or service furnished to ERSD patient that is not for the treatment of ERSD									NB = Nebu																																																		
28	BA = Item in Parental/Enteral category									NU = Purc																																																		
29	CC = when the procedure code submitted was changed either for administrative reasons or because an incorrect code was filed									OS = Osto																																																		
30	CR = Capped Rental item,									OX = Oxyg																																																		
31	CS = Item or service related, in whole or in part, to illness, injury or condition caused by or exacerbated by the effects, direct or indirect,									PE = Paren																																																		
32	FS = Frequent/substantial servicing									PO = Prost																																																		
33	GA = Waiver or liability statement issued as required by payer policy, individual case									RA = Repla																																																		
34	GK= Reasonable and necessary item, service associated									RB = Repla																																																		
35	GL= Medically unnecessary upgrade provided instead of non-upgraded item, no charge, no ABN									RR = Rent																																																		
36	GU = Waiver of liability statement issued as required by payer policy, routine notice									SC = Medi																																																		
37	GW = Service not related to hospice patient's terminal condition									SD = Surg																																																		
38	GX = Notice of liability issued, voluntary under payer policy									SU = Supp																																																		
39	IN = Inexpensive/routinely purchased									TE = TENS																																																		
40	JW = Drug amount discarded/not administered to any patient									TS = Thera																																																		
41	KC = Replacement of special power wheelchair interface									<b>Note: Q m</b>																																																		
42	KF = Class III device																																																											
43	A1 = Dressing one wound			A4 = Dressing four wounds			A7 = Dressing for seven wounds

573	Not WV MHT FS 2024/Internet manual	-	Purwick accessory. Generally not covered by Medicare. Original Medicare (Part A and Part B) covers many medical devices, but the PureWick external catheter is not typically included. Medicare Part B covers Durable Medical Equipment, Prosthetics, Orthotics, and Supplies (DMEPOS), but PureWick does not meet the criteria set forth by Medicare for coverage under these categories.  The Local Coverage Determination (LCD) L33803 outlines specific conditions under which urological supplies are covered. According to this document, Medicare covers supplies for patients with permanent urinary incontinence or retention. However, the PureWick system, which includes the PureWick Female External Catheter, is not explicitly listed.

	K	L	M	N	O	P	Q	R	S	T	U	V	W	X	Y
932	Not on WV 2024 DME FS	-	A rocking bed is a device intended for temporary use to help patient ventilation (breathing) by repeatedly tilting the patient, thereby using the weight of the abdominal contents to move the diaphragm. Electric beds designed to periodically tilt patients a small angle (e.g., 15 degrees) from the horizontal plane, placing them alternately in the Trendelenburg and reverse Trendelenburg positions following a rocking motion. These beds may include controls for adjustment of the speed and/or degree of tilting. Rocking electric beds are intended mainly to help patient breathing by using the weight of the abdominal contents to move the diaphragm; they are also used in occlusive arterial diseases to improve circulation.												
933	-	-	Is not meant to be used in place of a BIPAP or CPAP machine. Please review with ordering physician if member needs long term or short term and if member could use a BIPAP/auto pap. See policies

1195	-	-	<b>MHT Purchase(x 10)</b> THP may reimburse as a capped rental-depends if replacement or initial item.												
1196	-	-	<b>MHT Purchase(x 10)</b> Add on to convert manual wheelchair to power tiller and joystick not covered.												
1197	-	-	<b>MHT Purchase(x 10)</b> Other LOB's: An add-on to convert a manual wheelchair to a joystick-controlled power mobility device (E0983) or to a tiller-controlled power mobility device (E0984) will be denied as not reasonable and necessary.												
1198	-	-	All other LOB's: An add-on to convert a manual wheelchair to a joystick-controlled power mobility device (E0983) or to a tiller-controlled power mobility device (E0984) will be denied as not reasonable and necessary.												
1199	Not on WV 2024 DME FS	-	According to the DMEMAC, Noridian, coverage criteria for a seat lift mechanism are in conflict with the coverage criteria for a wheelchair. Therefore, an individual cannot qualify for both items simultaneously. In order to qualify for a seat lift mechanism, the patient must be able to ambulate once they have established a standing position, even if a cane or walker is needed to ambulate. In contrast, criteria for a wheelchair "require that the patient be functionally non- ambulatory (unable to walk) within the home." Note that other types of power standing features (E2301) are also not covered wheelchair accessories.												
1200	-	-	-												

	K	L	M	N	O	P	Q	R	S	T	U	V	W	X	Y
1201	Not on WV 2024 DME FS	-	E0986 includes the two drive wheels/motors, batteries and battery charger. It is all inclusive. All components, e.g., drive wheels, batteries, chargers, controls, mounting hardware, etc, for a manual wheel chair conversion are considered as included in 1 UOS of the code. Only one unit of service should be billed per manual wheelchair.

	K	L	M	N	O	P	Q	R	S	T	U	V	W	X	Y
1836	1/ 5 rolling years	<b>Invoice required</b>	Not billable with rollout chair, manual wheelchair or power operated vehicle, power wheelchair within the 5 yr RUL unless documentation supporting condition change. Not billable w/ codes: E0971, E0978, E0981, E0982, E0995, E1225, E2366- E2369, E2370, E2374- E2376, E2378, E2381- E2396, K0015, K0017- K0019, K0037, K0041- K0047, K0051, K0052, K0077, K0098. In addition MHT does not allow separate payment of codes K0020 and K0040.												
1837	1/ 5 rolling years	<b>Invoice Required</b>	Medical reason more specific HCPCS code unable to meet medical needs. Not covered if primary use is outside the home. Bundling rules for power wheelchairs will apply. Must be found on PDAC.												
1838	-	<b>Invoice Required</b>	Only covered under MHT LOB and only after clear specific documentation as to medical necessity and reason another HCPCS code not able to meet member's need. Medicare LOB requires Power mobility devices be approved by PDAC. L33789: " A POV or PWC which has not been reviewed by the Pricing, Data Analysis, and Coding (PDAC) contractor or which has been reviewed by the PDAC and found not to meet the definition of a specific POV/PWC will be denied as not reasonable and necessary and should be coded as K0899."												
1839	Not on WV 2024 DME FS	<b>Invoice Required</b>	Description of all parts required and reason a more specific HCPCS code or E1399 would not meet the needs of the member. Office notes, face-to-face, hospital notes and supplier notes are required to be submitted.												
1840	Not on WV 2024 DME FS	-	00 = Service not separately priced by Part B (e.g., services not covered, bundled, used by part a only, etc.) Not applicable as HCPCS not priced separately by part B (pricing indicator is 00) or value is not established(pricing indicator is '99') S = Non-covered by Medicare statute. Examples: Manasport (Manamed, Inc., Las Vegas, NV), Sustained Acoustic Medicine (SAM) (ZetrOZ, Inc., Trumbull, CT), and PainShield MD (NanoVibronix Inc., Elmsford, NY).												

	K	L	M	N	O	P	Q	R	S	T	U	V	W	X	Y
1841	Not on WV 2024 DME FS	-	Considered a brace. Describes a wearable, motorized, and computerized device functioning as a single of double upright microprocessor controlled hip, knee, ankle, and foot exoskeleton. <b>No additional add on codes for this exoskeleton device allowed. PDAC approval required for a device to be billed with this code. Currently only one product allowed by CMS: ReWalk™ by Argo technologies</b>												
1842	Not on WV 2024 DME FS	-	K1027 is used to represent oral devices that do not have a fixed hinge, and thus, would not be eligible for coding using HCPCS code E0486. As of the date of this guides update, devices reported with HCPCS code K1027 include the following: <ul style="list-style-type: none"> <li>• O2Vent Optima and O2Vent Optima Mini (Oventus Medical)</li> <li>• ProSomnus Evo Sleep and Snore Device (ProSomnus Sleep Technologies)</li> <li>• Slow Wave DS8 (Slow Wave)</li> </ul> Prior to the development of these codes, most of these devices were coded by the Medicare Pricing, Data and Coding Contractor (PDAC) with HCPCS code A9270, which means these devices were – and continue to be – non-covered by Medicare.												
1843	Not on WV 2024 DME FS	-	Not on RBRVS. May be considered non-covered device. Not billed as DME- Part of outpatient facility or inpatient hospital procedure reporting/charges.												
1844	Not on WV 2024 DME FS	-	Since low frequency ultrasonic diathermy treatment ( K1004) is not covered, the supplies would not be covered. 00 = Service not separately priced by Part B (e.g., services not covered, bundled, used by part a only, etc.) Not applicable as HCPCS not priced separately by part B (pricing indicator is 00) or value is not established(pricing indicator is '99') S = Non-covered by Medicare statute.												
1845	Not on WV 2024 DME FS	-	Usually used with Lunoa System. The Lunoa System has 3 components for treating POSA. It has a sensor, chest strap, docking station, power adapter, travel case, and portal. However, there is insufficient evidence regarding the effectiveness of this device for coverage at this time.

	Not on WV 2024 DME FS	<b>Invoice required</b>	<b>New code October 2023. Medicare policy article A52496.</b> L5991 describes a complete endoskeletal product that is used as an osseointegrated external limb prosthetic connection device. The product provides a standard connection between an osseointegrated implantable limb component and endoskeletal prosthetic components. L5991 describes a complete device, and the use of additional codes would be considered incorrect coding (unbundling). The predicate product is the Axor II osseointegrated external prosthetic connection device manufactured by Integrum, S.E.

1970	Not on WV 2024 DME FS	-	L1681 describes a prefabricated orthosis with a semirigid, or rigid waist band connected to bilateral rigid uprights that includes a hip joint and a rigid thigh cuff. Both hip joints provide adjustable for extension/flexion as well as abduction; the hip joint aligns and maintains the femur in an abducted position. This orthosis is typically used in the post-operative setting. L1681 is a complete product, as it is inherent in the definition of "prefabricated" that a particular item is complete. Custom-fabricated additions will be denied as incorrect coding if billed with the L1681 prefabricated orthosis, since custom fabricated additions are only appropriate for custom-fabricated base orthotics. Palmetto DMEPOS NEWS 09/15/23.												
1971	3/year	-	This is a brace applied postoperatively and abduction control of hip joint is required. If placed in inpatient level of care for use for acute, LTAC, Rehab, or SNF use it is not considered home DME.												
1972	3/year	-	This is a brace applied postoperatively and abduction control of hip joint is required. If placed in inpatient level of care for use for acute, LTAC, Rehab, or SNF use it is not considered home DME.

	-	-	MHT Rates or by contract rates. For RBP Groups, S1040 will only price if the network (PHCS, Healthsmart, etc.) has pricing for S1040. If criteria met, approve the purchase of S1040 and let provider know that this will price per their contract with the network (PHCS, Healthsmart, etc). If the claim will be sent to HST, there will be no payment as no Medicare rate. AMPS may pay as use other sources besides Medicare rates. Inform provider that there may be an issue with payment. Email ESR team: ASO EmployerSvcReps@healthplan.org and notify then of possible reimbursement issue with S1040, providing member and Group information as well as referral info.												
2792															
	-	-	Under MHT's Vision Care services. If non par provider, Commercial plans please contact network development for possible rate agreement.												
2793
